Time Issued 0500 LST

General Situation

The weak high-pressure system covers the North and the Northeast of Thailand with morning fog in the upper country while cool in the morning is likely in the North and the Northeast regions. The southwesterly wind prevails over the North with isolated thundershowers. People in the upper country should keep healthy due to the changeable weather and all transports take more cautions.

The moderate northeast monsoon prevailing over the Gulf and the South is weakening with thundershowers and isolated heavy rains in the lower South. The moderate wind and waves in the lower Gulf are likely about 1 meter high and above 1 meter high in thundershowers. All ships should proceed with caution, keep off thundershowers.

Weather Forecast for Thailand from 6.00 a.m. Monday to 6.00 a.m. Tuesday
